*Please join us for a special benefit evening with
legendary New York Giants alums!*

Want to learn first-hand from a Super Bowl champion what it's really like to walk across the United States, while you dine with NFL legends?

As you may be aware, retired New York Giants star defensive end George Martin recently completed a most amazing and historic coast-to-coast charitable walk, traversing 3,003 miles on foot from New York City to San Diego over the course of nine months.

Why? Tens of thousands of rescue and recovery workers of Ground Zero who responded from all 50 states are now seriously ill as a result of their service to our country and are in dire need of medical monitoring and treatment. Recognizing that government and insurance programs were not adequately meeting the medical needs of these heroic people, George set out on his "*a Journey for 9/11*" to raise awareness about their plight and money for their care.

George's remarkable walk finished on June 21, but his Journey's mission surely continues. [And you now have an opportunity to participate by accepting the special invitation attached here and attending a spectacular event.](#)

On Saturday night, September 20, 2008, George and the Journey are hosting a once-in-a-lifetime benefit dinner and sports auction at the magnificent new Sports Museum of America in downtown Manhattan. Joining George will be NFL Hall of Famer Harry Carson, Tiki Barber, Mark Bavaro and many other beloved Giants players from their storied teams, along with some surprise guests and heroic 9/11 responders. All the details are attached.

It is my pleasure to share this special opportunity with you for such a wonderful and important cause. Please consider purchasing one or more tickets and joining George and his fellow Giants alums. Company tables are available as well.

The "Journey Benefit Dinner and Sports Auction" is sure to be a memorable night for all. I look forward to seeing you there!

Supporting the Heroes of Ground Zero
